MEMORANDUM

TO: L - Mr. Sandler

FROM: L - Monroe Leigh

Larry Eagleburger called me last night. His specific concern is that we lay out a program which will assure that the Secretary can keep in a secure and convenient Government depository at least one copy of all the papers which he has signed, issued or approved, either in the White House or in the Department of State.

I mention this because the emphasis now seems to be more on copies than on anything else. I think of this, however, as a fallback from the assertion that the papers are personal papers.
